## Quick Round Meeting

As we mentioned in our previous email, an exciting new session called the "Quick Round Session" has been scheduled for May 31, 2023, from 2pm-6pm. The session will involve dividing all delegates into small groups for 20-minute interactions. After every 20 minutes, the groups will be reshuffled, and each delegate will be assigned a table number to follow. A software is currently being developed to prevent meeting duplication. This presents an excellent opportunity for attendees to interact with as many members as possible before the official cocktail reception. Participants are requested to collect their meeting registration on the 31st of May between 12 Noon Onward. Any new developments will be communicated to attendees in due course

## Thank you, Sponsors
